Lincoln, NE 68588-0106

**The College of Architecture brings together an array of disciplines**

**to address real problems and difficult challenges with innovative**

**and collaborative action. United by a commitment to the trans-**

**formative power of planning and design, students and faculty come**

**together in a creative environment integrating studio-based teach-**

**ing, rigorous design-research and creative output, and community-**

**focused engagement. By merging disciplinary theory and**

**professional practice we innovate, add value and give form to all**

**aspects of the designed environment.**
